SEOUL, KOREA

8th Asian Postgraduate Course on Neurogastroenterology and Motility in conjunction with the 31st Annual Conference of Korean Society of Neurogastroenterology and Motility

www.apnm2020.org

INVITATION

Dear Colleagues and Friends,

On behalf of the Korean Society of Neurogastroenterology and Motility (KSNM), it is our great honor and pleasure to invite you to APNM 2020 (8th Asian Postgraduate Course on Neurogastroenterology and Motility in conjunction with the 31st Annual Conference of the Korean Society of Neurogastroenterology and Motility), which will be held in Seoul, Korea from April 24 to 26, 2020.

Loss of the quality of life due to functional gastrointestinal disorders has become an increasingly important medical issue as our societies become increasingly aged, stressed and complex. To lead on this issue with Asian colleagues, KSNM launched the first APNM in 2001 and we are proud to be holding the 8th APNM congress in 2020.

Under the theme of "New Horizons in Asian FGIDs," APNM 2020 will offer a wide range of scientific programs including a KSNM Education Program, oral and poster presentations and exhibition as well. In addition, social events will be held in the evenings for unforgettable memories with colleagues from all over the world.

We look forward to seeing you at APNM 2020!
